OBJECTIVE

MCA Graduate with hands-on experience in **Python**, **Django**, and **data analysis** through academic projects. I have worked with, **MySQL**, and **machine learning** libraries to build practical applications. Looking for an entry-level role in **backend development** or **data analysis** where I can contribute and keep learning.

TECHNICAL SKILLS

Languages:	Python
Backend:	Django
Data Analysis:	Pandas, NumPy, Matplotlib, Scikit-learn, Power BI, Data Visualization
Frontend:	HTML, CSS, JavaScript (Basic)
Database:	MySQL
Tools:	Git, GitHub, VS Code, Jupyter Notebook, Netlify, Google Colab
Concepts:	OOP, Machine Learning, NLP (basics), Backend Development

PROJECTS

AdShield AI — Fraud Detection in Online Advertisements [GitHub ↗](#) *Python · Flask · Machine Learning · NLP*

- Built a **Flask**-based web application using **Python** to detect fraudulent online ads by analysing text, audio, and video content with **NLP** and **machine learning** models.
- Used Scikit-learn (Random Forest, EfficientNet) and OpenCV for fraud pattern detection, including fake endorsements and bot-generated comments.
- Developed a **REST API** backend and a simple frontend using **HTML**, **CSS**, and **JavaScript** to display trust scores (Genuine / Suspicious / Scam) with plain-language explanations.

Customer Segmentation using K-Means Clustering [GitHub ↗](#) *Python · Pandas · Scikit-learn · Data Analysis*

- Applied RFM analysis and K-Means clustering using **Pandas**, **NumPy**, and **Scikit-learn** to group customers by purchasing behaviour.
- Built **data visualisation** charts using Matplotlib and Seaborn to present segmentation results in a clear, readable format.
- Performed end-to-end **data analysis** — from data cleaning and feature engineering to model evaluation and insight reporting.

Travel Management System

HTML · CSS · JavaScript · PHP · MySQL

- Developed a web application for travel package browsing and booking using **HTML**, **CSS**, **JavaScript**, **PHP**, and **MySQL**.
- Built user login, booking management, and an admin panel with full database integration.

EDUCATION

Master of Computer Applications (MCA)

2024 – 2026

B S Abdur Rahman Crescent Institute of Science and Technology, Chennai | CGPA: 7.2

Bachelor of Computer Applications (BCA)

2021 – 2024

Mohamed Sathak College of Arts and Science, Chennai | CGPA: 6.4

CERTIFICATIONS

Introduction to Artificial Intelligence – *SkillUp*

2026

Improve Communication in English – *English Partner*

2025

ADDITIONAL INFORMATION

Interests:	Python Development, Backend Development, Data Analysis, Machine Learning
Soft Skills:	Quick learner, team player, problem solving, analytical thinking
Activities:	Volunteering, event organisation at college
Languages:	English
